2024

A man wearing a high-visibility yellow jacket and a black beanie is operating an Altoz snowblower. The snowblower is red and grey, with 'ALTOZ' and 'SWITCH' branding. It is clearing a path through a snowy field with trees in the background. The snow is being blown into a large pile.

**SWITCH ACCESSORIES &  
ATTACHMENTS CATALOG**

Versatility increases productivity. The Altoz Switch is a heavy-duty compact tool carrier with a wide selection of attachments. Snow, ice, debris, grass. Whatever the task, Altoz attachments connect quickly and easily.

## Snow Blower

---

Quickly and efficiently clear snow from sidewalks, driveways or anywhere else

- 2-stage, belt driven
- Hydraulically-adjustable chute rotation and electrically-adjustable chute angle
- 44" width
- Raise, lower and float positions controlled by proportional switch

p/n \_\_\_\_\_

1060002

## Power Angle Broom

---

Ideal for year-round cleaning of parking lots and sidewalks or lawn dethatching, leaf and snow removal.

- 48" straight, 44" angled broom width
- Belt-driven hydraulic pump to allow for rotational speed control and reversing rotation of broom
- Angle left, right or straight with the touch of a button
- High-performance drive motor by Parker
- Unique high quality wear-resistant polyester wafer bristle design for efficient sweeping
- Adjustable caster wheels

## V-Plow

---

Move snow and light aggregate quickly and efficiently

- 50" blade width (44" width in V-position)
- Optional sidewing extension kit increases blade width to 60" (52" width in V-position)
- Can be angled left, right, scoop or V-position, or used as a straight blade with easy hydraulic adjustment
- Adjustable depth guides to modify blade height
- Hydraulic lift arm, controlled by proportional switch, allows blade to float and follow ground contour or apply down pressure for scraping
- Cutting edge features adjustable trip tension
- Adjustable skid shoes to modify blade height
- Replaceable hardened steel wear edge and shoe assembly
- Optional accessory snow flap (shown)

V-Plow - Shown with 2500725 Snow Flap Kit

## Straight Blade

---

Handle snowbound walkways and light-duty dirt and gravel with ease.

- 50" blade width (44" width angled)
- Optional extension kit increases blade width to 60"
- Can be angled left, right or used as a straight blade with easy hydraulic adjustment
- Adjustable depth guides to modify blade height
- Hydraulic lift arm, controlled by proportional switch, allows blade to float and follow ground contour or to apply down force for scraping
- Cutting edge features adjustable trip tension
- Replaceable hardened steel wear edge and shoe assembly
- Optional accessory snow deflector (shown)

## Brush Cutter

---

Equipped with damage-dodging swing blades, the brush cutter is perfect for taming trails, ditches, and reclaiming overgrown areas.

- 44" cutting width
- 2-Spindle counter rotating design
- Hydraulic height and angle adjustments controlled by proportional switches
- Four swing blades absorb impact when contacting solid objects
- 7-gauge laminated steel deck for long-lasting durability
- Optional front single caster wheel

p/n

1060004

## All-terrain Mower

---

Power through rough terrain, tackle slopes and roadsides and reclaim overgrown areas.

- 61" (3-spindle swing blades)
- 7-gauge laminated steel deck
- Six pivoting swing blades forged and heat-treated for exceptional, long-lasting sharpness and durability
- Fingertip hydraulic deck height and angle adjustment with float position to follow ground contour
- Flat-free caster tires provide ability to follow contour of the ground

p/n

1060005

## Drop Spreader

---

Make quick work of sidewalks and pathways, with precise coverage drop from 30" to 36" spread width.

- Coverage pattern is easily adjusted from 30" to 36"
- 2.5 cu ft, 350-lb capacity
- Variable-speed control
- Pair with the Snow Blower, V-Plow, Straight Blade, or Power Angle Broom to complete two tasks at once

p/n

1060006

## Straight Blade Snow Flap Kit

---

Keep snow from riding up over the top of the moldboard while plowing. Snow Flap consists of 3 Ply Rubber, .20 inches thick. Kit includes one rubber flap and all mounting hardware.

- Pair with Straight Blade (pn 1060001)
